Custom fabrications for AV applications

**[OPTI]** Trilite™

# Plasma Screen Supports

Flat screen plasma and LCD TV monitors are increasingly being used in a wide variety of different applications. These sleek, stylish screens demand equally sleek and stylish support. Shown here are just some design solutions from OPTI.

1  
Curved plasma stand.

Adjustable angle fixing plate.

2  
Free standing curved corner stand.

3  
Ceiling mounted OPTI Trilite 100 support and framework for drinks displays.

4

5

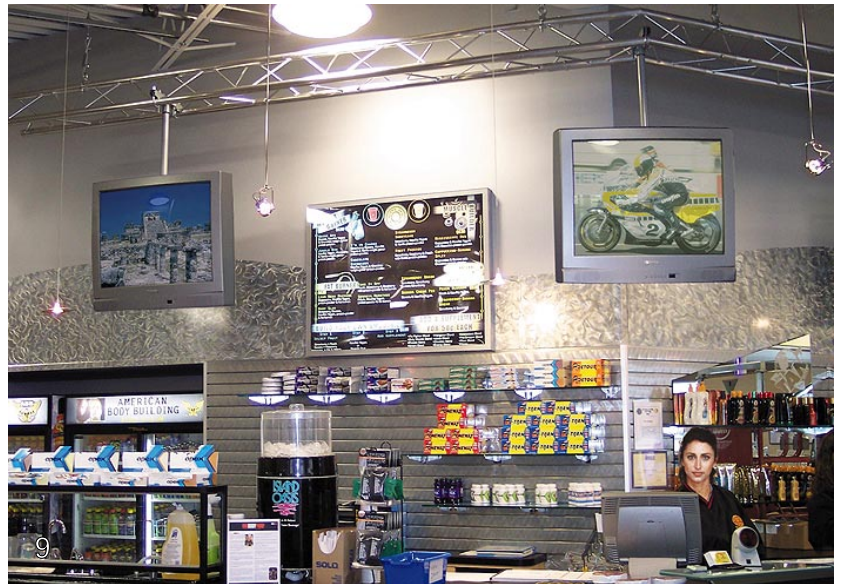

6

Stands or supports can be made in all shapes and sizes and be fixed, static or mobile on lockable wheels.

# TV Monitor Supports

All types of TV monitors are used in a variety of places these days. Cafés, bars, leisure centers, at exhibitions and in the home.

Monitors can be used in all kinds of practical installations. Simulators, gyms and even added to cycling or rowing machines (as shown right).

Banks of LED monitors can be mounted on standard OPTI Trilite to allow the screens to be hung together safely in larger venues. Full Trilite Catalog available on request.

# Workstations and Presentations

Trilite creates a number of stylish AV solutions in the work place, at conferences, for presentations and to support lighting and sound equipment in any environment.

13 Workstations with stools can be created bespoke, to your requirements.

14a Workstations can be fixed or mobile.

14

Lecterns can also be made as doubles.

21

Literature dispensers (above) make perfect information points.

15

16

Lap tops can be added using an adjustable arm.

17

Curved ladder lecterns are a stylish alternative to the standard truss lectern.

18

19

Adjustable height lecterns can be made for standard use or for lap tops and, where needed, lights or microphones can be added.

20

Lecterns linked together with additional shelving can make a workstation of a different kind. A perfect stand for lighting and sound desks.

## Other OPTI Products

OPTI also manufacture the highly successful OPTI Kinetics range of effects projectors, gobos and strobe lighting systems. Many of which can be used in AV environments and add extra dimensions to corporate presentations (as shown on the front cover).

Please refer to the OPTI Projection & Effects Catalogue, available on request, or visit our Website.
